Choose how to make an impact

As an AmeriCorps member, you can choose the service opportunity that aligns with your passions. We offer thousands of opportunities that focus on the following key areas.

Education

Be the one who greets students each day, mentor them to higher academic achievement, and keep them on track to graduate. Inspire creativity with STEM and robotics programs, or design cost-effective solutions that support teachers and tutors.

Economic Opportunity

Build community and family stability. Increase access to college, build and rehabilitate affordable housing, provide financial literacy training, or connect people to jobs.

Environmental Stewardship

Get outdoors and restore public lands or bring environmental stewardship into classrooms. Elevate the importance of conservation at the local, state, and national levels.

Disaster Response

Be among the first to respond when disaster strikes or help rebuild in the months following. Assist disaster survivors and act as a force multiplier for other organizations on the ground.

Healthy Futures

Promote health and wellness, combat the growing opioid crisis, bridge the gap between individuals and health services, and tackle food insecurity by building gardens and harvesting food for local families.

Veterans & Military Families

Extend a robust thank you to veterans and military families. Connect them to benefits, job resources, education options, and a welcoming community that understands the value of their service.

Why serve?

Receive benefits for your service

Through our programs, we provide benefits for members, including education awards, housing stipends, living allowances, and supplemental health insurance. Benefits vary by program.

Develop a network that lasts a lifetime

When you serve with AmeriCorps, you join a network of more than 1 million strong. AmeriCorps alumni continue to give back to their communities after their service. The connections you make and the network you build while serving with AmeriCorps is unlike any other.

“I was able to test out different roles and develop a sense of what I’m passionate about. It’s unlikely a first job out of college would have given me the same direction as my AmeriCorps experience in the NCCC-FEMA Corps program. The life skills I developed through AmeriCorps built the foundation for who I am as a person and ultimately launched my career.”

AmeriCorps alumni

Grow personally and professionally

Enrich your life while enriching the lives of others

“Helping my community fight poverty is the most rewarding thing I’ve ever been a part of, and now I have developed a different perspective on life and my future goals. I know that the experience and skills I learned while serving will become great assets for me in my future.”

Amelia Caté,
AmeriCorps alumni

“My parents’ home was hit by a catastrophic wind storm in 2020, and my AmeriCorps experience equipped me to walk outside of their house and know exactly what needed to be done. While this is an extreme case, I would recommend AmeriCorps to anyone who wants to gain the skills they need to become a better version of themselves.”

Corbin Beastrom,
AmeriCorps alumni
